Hi, I'm Gabriel Aguinaga

Thank you for downloading this eBook.

I have a very special announcement to make.

You see, my main goal is to provide my customers/subscribers with **over-the-top** information to grow their online business.

The sad part is... I do not have all the answers.

What I can do, however, is introduce you to **experts** of particular topics.

Today I will introduce you to one of the best affiliate marketers of this decade. He makes a fortune with affiliate programs and I am sure you are going to profit tremendously from what you'll learn from him.

His name is Anik Singal, please signup for his "killer" newsletter. [Click Here.](#) **It's FREE!**

ABOUT THE VIDEOS.

I created these video tutorials because many of my subscribers wanted to learn how to hide their ugly affiliate links using the popular "recommends" method.

First, I told them about **Mike Filsaime's** [Powerlink Generator](#)... a lot of them literally flipped. (hey, not everyone can afford \$97.00)

Then, my subscribers asked: "Is there a way to do this for free?"

Yes there is... enjoy the videos!

Requirements:

Redirect Script, Cloak Script & "Recommend" Folder.

[Click Here](#) To Download.

Your Own Domain Name & Hosting.

(Don't have a domain + hosting yet? Visit www.Godaddy.com for great deals.

note: You can also use free hosting accounts, but it is not recommended.

Being Comfortable With Uploading Files To Your Server.

If you are not... Do a search on any of the mayor search engines for information on uploading files to your server. (hint: use the term "ftp" when searching).

Macromedia Flash Player (To Watch Videos). The videos are in flash format, which means you must have flash player installed on your computer. Visit the following links if you have problems viewing the videos.
